Since 1995 Music-COMP has connected music students with professional composers through a transformative program of sharing and providing feedback for student compositions online. Your student is interesting in becoming involved in this statewide activity.

The mentoring website is not a public site. It is password protected, and open only to participating teachers and students along with a carefully selected roster of professional composer mentors. Examples of student compositions and the process can be found at the public site - www.music-comp.org - under "Student Work."

In order for your student to participate in the online mentoring program, we need your permission before we can provide the student with an account. This allows us to comply with COPPA guidelines (Child Online Privacy Protection Act), and ensure parental consent and student safety. Our mentoring site is new as of August 1, 2016, so permissions must be obtained from all students before they will be invited into the mentoring posting area. In this new site, Music-COMP administrators add students, not individual teachers.

Please fill out and return the form below. Be sure to include all information requested. These forms can be scanned and uploaded directly to the mentoring registration site or if you prefer, mailed to the Music-COMP office at 30 Steeplebush Road, Essex Junction VT 05452. A reminder that the following form must be received before the student will be provided with an account for online mentoring.

Please contact Assistant Director, Matt LaRocca, (matt@music-comp.org) if you have questions or would like further information. PLEASE PRINT ALL INFO BELOW EXCEPT SIGNATURE.
